Letter Templates (included)

1. Cut out letter templates on solid line.

2. Let's begin by marking some guide lines on the right side of 1 fabric rectangle. This will aid in centering the letters on the fabric. Measure 3" from the top and draw a line across the width of the fabric. Repeat this step from the bottom of the fabric. Fig. 1

3. Center your letter templates between the two lines as shown. Once your templates are in the position, trace around each letter with the water/air soluble pen. Fig. 2
